
March 8, 2021

Dear Parents,

It has become our tradition the last few years to bypass Easter parties within individual classrooms and, instead, to celebrate the Resurrection with a school-wide service project.

We will be collecting personal hygiene items for donation to the Daily Bread Center over the next few weeks. (You may also make a monetary donation if you wish, and I will use it to purchase additional items after I see what items are collected.) **Needed items are shampoo, conditioner, body wash, toothbrushes, toothpaste, deodorant, etc.** The Daily Bread Center is always extremely appreciative of our donations.

This project is purely voluntary. We strive to remind the children that the Lord has truly blessed us with so much and we want to show our gratitude by sharing it with those in need. Our families have always responded graciously in the past when we ask, and we thank you tremendously for your compassionate giving!

**** Please send donations/items in by Friday, March 26th. ****
If this is not possible, you may still send items/donations on Monday, March 29th.

REMINDER: We have an early dismissal at 1:30 on March 30th.
